

Mr. R. T. Van Vranken
Chief, Design & Construction Division
General Services Administration
Public Buildings Service, Region 3
Washington 25, D. C.

Dear Mr. Van Vranken:

It is requested that the Public Buildings Service negotiate a contract with the Tompkins-Jones Construction Company to pull the cables, install the main distribution frame and make the necessary splicing, terminations, etc. in accordance with the plans and specifications recently delivered to you by your Central Office for the auxiliary telephone system to be installed in our new headquarters building at Langley, Virginia.

Funds to the extent of \$63,015.00 are available to cover the cost of this contract. It is to be understood that this contract is in no way to be construed as a change order to the contractor's basic construction contract. The funds in the amount of \$63,015.00 will be derived from a source other than funds appropriated for the building contract.

Upon completion of the contract, please forward your invoice (Form 1000) to this Agency for payment.

Sincerely,

[Redacted Signature]

Chief, Building Planning Staff

Funds available in the amount of \$63,015.00
in OC Allotment 1179-1010-1000.

STAT

I have advised both [redacted] Proc. Div,
Office of Logistics, and [redacted] Sldg Plan. Staff
that, in funding the same telephone & other
equipment installations to be negotiated by GSA,
care should be taken to assure that no "flap"
occurs. Per my discussion with Mr. Mason R
advised them that no problems will exist if GSA
is willing to do the work on a reimbursable basis
